

Application For Personalized Plates and Replacement Of Existing Personalized License Plates

TC-817 Rev. 1/09

Use this form to order **personalized license plates or to remanufacture your existing personalized license plates**. This includes personalized standard plates, personalized special group plates, personalized disabled plates, and radio plates for use on an automobile, truck, trailer, or motorcycle. Personalized plates **cannot** be displayed on proportionally **registered interstate vehicles**. If you have any questions, please contact the Division of Motor Vehicles by calling **(801) 297-7780 or 1-800-DMV-UTAH**.

How To Complete Your Application

At the top of the application check whether this is a new plate order or replacement of existing plate.

✓ **New Order:** If you are registering your vehicle now, you must pay the registration fees, plate application fee, special group plate contribution, if applicable and provide information in Sections 1, 2 and either 3, 4 or 5. When selecting a special group plate, refer to pages two and three for additional fee information.

If your vehicle is currently registered you must pay the plate application fee and special group plate contribution, if applicable and provide information in Sections 1, 2 and either 3, 4 or 5. When selecting a special group plate, refer to pages two and three for additional fee information.

✓ **Personalized Plate Replacement:** If you are replacing your existing personalized plates, **your vehicle must have a current registration**. Provide information in Sections 1, 2 and either 3, 4 or 5. The replacement fee is \$13 (\$10 plate replacement and \$3 for postage and handling).

Include a **check or money order** payable to the Utah State Tax Commission, along with the completed application form, and mail to the Utah State Tax Commission, Division of Motor Vehicles, Special Services, 210 N 1950 W, Salt Lake City, Utah 84134-8120. **The \$3 postage fee is already included in the plate application fee, but does not include the required contribution, if applicable. For minimum contribution requirements, see plate description on pages two and three.**

Accepting this application and payment of fees does not mean your personalized plate has been approved.

Personalized plates are issued on a first-come, first-served basis. For this reason, if you have more than one choice, list your choices (except for Radio Plates), in order of preference, in case your first choice is **not available, or not allowed under Utah Code §41-1a-411**. Personalized license plates will be manufactured exactly as shown on this form.

Utah Code §41-1a-411 allows the Division to refuse requests "that may carry connotations offensive to good taste and decency or which would be misleading."

Any changes made to your personalized plate application after it has been submitted will require you to complete a new personalized plate application and pay all required fees again.

IMPORTANT, PLEASE READ ABOUT SECTIONS 3 AND 4

In the space provided, you need to briefly explain the meaning of the characters you choose. For example, if the characters you chose are "LV2READ" they could mean, "Love to read."

When making your character selection, do not use a combination of 6 or 7 numbers. For example, do not use consecutive numbers like "1234567."

When making your character selection, do not use a combination of 3 numbers with 3 alpha characters. For example, do not use "123ABC or ABC123." These combination of numbers conflict with existing preprinted standard series of plates.

When making your character selection, do not use a combination of 1 alpha character followed by 3 numbers and 2 alpha characters. For example, do not use "A123BC."

When making your character selection, do not use a combination of 5 numbers and 1 letter. For example, do not use "12345A."

No special characters (period, apostrophe, dash, etc.) may be used.

All registered owners of the vehicle to which this personalized plate will be issued, have equal ownership of the personalized plate, regardless of which owner(s) has signed this application.

Contact the DMV to order regular issue (non-personalized) special group or disabled license plates.

If you need an accommodation under the Americans with Disabilities Act, contact the Tax Commission at (801) 297-3811 or TDD (801) 297-2020. Please allow three working days for a response. For additional information, you may access the Tax Commission's internet site at: <http://dmv.utah.gov/>
